

Whether you're interested in
the human body,
want to be a doctor,
have no idea,
or feeling exploratory,
WELCOME!

Q: What will we learn?

A:

Week 1 – Endocrine System

Week 2 – The Brain

Week 3 – UP TO YOU (we'll
vote)

Q: Lectures? Discussions?

A: We'll have **warm-ups, lecture, ethics discussion, life discussion AND no homework ever**

Q: What is ETHICS?

A: Ethics = doing the right thing versus the wrong thing. As scientists, we have to ask: are we doing the right thing? In discussions, we will be asking and answering these questions together.
